SUMMARY

A Front-End Developer Skilled in building dynamic, high-performance user interfaces using Vue.js with working knowledge of React.js. Proficient in creating reusable components, ensuring responsive and accessible designs, and collaborating with cross-functional teams to deliver engaging web applications.

Work Experience

Front-End Developer (full time)

Davinda June 2024 – January 2025.

- Worked closely with the backend development team to integrate APIs and handle data bindings between the frontend and backend systems.
- Developed reusable components that can be used in future projects with minimal effort.
- Collaborated closely with the design team to translate wireframes and visual designs into interactive and responsive web interfaces using Vue.js.
- Participated in the development of 3+ dashboards and websites using Vue.js.

Web Design (full time)

Davinda November 2022– January 2025.

- Translated design mockups into responsive, interactive websites using HTML, CSS, JavaScript, along with frameworks like Bootstrap for layout and design, and libraries such as jQuery for DOM manipulation.
- Ensured that the websites functioned seamlessly across different browsers, adjusting CSS and JavaScript as necessary to maintain functionality and appearance.
- Crafted websites that provided an optimal viewing experience across a wide range of devices, from desktops to mobile phones, through the use of responsive design techniques.
- Handled data entry tasks for dashboard projects, including uploading and managing content as part of the design and testing process.

Applied College - Tishreen University

Web subject teacher Nov 2020 - Sept 2022

- Taught basic web development, which included a variety of responsibilities aimed at providing students with a solid foundation in web technologies, design principles, and best practices.

- Prepared detailed lesson plans that provide a clear learning path from basic to more complex concepts.
- Supervised lab sessions where students get hands-on experience coding and debugging web pages and applications.
- Offered office hours for students to discuss course material, seek clarification on complex topics, or receive additional support on their projects.

Projects

Vms :

This project is a virtual school here in Damascus for middle and high school.

<https://vmssyria.com/>

Blink:

A leading Jeddah-based marketing agency and the first in Saudi Arabia to integrate AI into marketing services, offering innovative strategies and digital solutions to deliver exceptional and sustainable results.

<https://blink.davinda.xyz/>

Focus:

A media academy with experts who train in radio acting, media spokesperson courses.

Education

Tishreen University Bachelor in Faculty of Mechanical and Electrical Engineering .(2020)

- GPA: 76.02%.

Certifications

- **Administrative Assistant Training** – Alison (CPD Certified), May 2025.
- **ICDL** – Union Foundation, August 2015.
- **Web Development Certificate** – Techno Home Center, February 2022.

Skills

Technical Skills:

- **Front-End Development:** Vue.js, Vue Router, React.js.
- **Programming Languages:** JavaScript, C++.
- **Web Technologies:** HTML, CSS, Bootstrap, jQuery, SCSS/SASS.
- **Responsive Web Design.**
- **UI/UX Tools & Principles:** Figma, Adobe XD.
- **Package Managers & Build Tools:** npm, Yarn, Vue CLI.
- **Tools & Technologies:** Git, GitLab, ClickUp.
- **Office & Data Handling:** Microsoft Excel, Word, PowerPoint – proficient in data entry, reporting, and content organization.

Soft Skills:

- Strong attention to detail – accurate and thorough in data entry and UI implementation.
- Problem-solving mindset.
- Effective team collaboration and communication.

Language Skills

- **Arabic:** Native.
- **English:** Intermediate (B1 – CEFR).
